

**WORK HARD, HAVE FUN, MAKE HISTORY!**

At Amazon.com, we're working to be the most customer-centric company on earth. To get there, we need exceptionally talented, bright, and driven people. If you'd like to help us build the place to find and buy anything online, this is your chance to make history.

At our Headquarter in **Munich** we are currently looking for a

## Transportation Analyst (m/f)

The Supply Chain Operations Organization, located at the Amazon.de office in Munich, focuses on Inventory Planning, Inventory Management and Operational Compliance with Suppliers and Carriers. As such, one responsibility of the team is the analysis of inbound transportation.

The **Transportation Analyst (m/f)** is a key member of the German Supply Chain Operations team and works with the DE Operations, Engineering, Finance, and Retail teams on daily operations and program objectives.

### Responsibilities:

- Monitor daily operations of inbound carriers and facilitate operational escalations.
- Cooperate closely with the European Inbound Transportation Team which owns establishing Inbound Carrier Relationship and Program and Software System Enhancement.
- Manage logistics provider relationship incl. regular detailed business operations review with inbound carriers.
- Monitor and manage service level agreement performance, capacity and cost.
- Maintain and develop service level agreements with logistics providers through daily management and process improvements e.g. through Kaizen processes.
- Drive and support improvement initiatives of inbound transportation performance

### Basic qualifications:

- Good knowledge in transport administration & warehouse deliveries, experience in international transportation operations.
- Strong analytical, mathematical and statistical skills.
- Creative and idea-driven in finding new solutions/designing innovative methods, systems and processes.
- Attention to detail, ability to do in-depth data mining, methodical approach to work.
- Strong Problem solving and ability to manage multiple priorities.
- Excellent communication skills at all levels.
- Excellent skills in Microsoft Excel and SQL.
- Dynamic and flexible, able to adapt in a constantly changing environment
- Excellent German and English, written and spoken, further languages are a plus.
- Ability to travel up to 30% of the time within Germany and locations supporting the German business
- Previous work experience in or with a distribution center
