

WORK HARD, HAVE FUN, MAKE HISTORY!

At Amazon.com, we're working to be the most customer-centric company on earth. To get there, we need exceptionally talented, bright, and driven people. If you'd like to help us build the place to find and buy anything online, this is your chance to make history.

At our Headquarter in **Munich** we are currently looking for a

Vendor Operations Analyst (m/f)

The Supply Chain Operations Organization, located at the Amazon.de office in Munich, focuses on Inventory Planning, Inventory Management and Operational Compliance with Suppliers and Carriers. As such, one responsibility of the team is the Vendor Operations and Compliance.

The **Vendor Operations Analyst /Projectmanager Logistics (m/f)** is a key member of the German Supply Chain Operations team and works with the DE Operations, Engineering, Finance, and Retail teams on daily operations and program objectives.

Responsibilities:

- Reporting to the German Vendor Operations Manager
- Regular analysis of Key Performance Indicators relating to Problem Receive, Advanced Ship Notices, Lead Time, and compliance
- Identify areas where costs can be taken out of the supply chain and implement processes to realize these cost savings
- In coordination with Fulfillment Center Operations and Retail Systems Teams, implement new tools and processes that will ultimately improve inbound vendor performance
- Setting vendor performance targets to improve operational efficiency
- Managing the day-to-day operational relationship with our warehouses and vendors
- Resolving operational queries in a prompt and efficient manner
- Completion of projects and tool implementations within agreed timescales
- Ensuring vendors meet the operational targets defined by Amazon

Basic qualifications:

- Previous experience doing analysis on supplier compliance and driving process improvement
- Previous experience working in operations or logistics is required, knowledge about Lean/Kaizen management is preferred
- Intermediate to advanced IT skills, good knowledge of SQL
- Strong analytical skills with strong Excel skills including working with large data sets and features including Macros and Pivot Tables
- Good attention to detail and a methodical approach to work
- Excellent communication skills to all levels of the organization with the ability to present information in a professional and mature manner
- Dynamic and flexible, able to adapt in a constantly changing environment
- Excellent German and English, written and spoken
- Ability to travel up to 30% of the time within Germany and locations supporting the German business.
